

INTRODUCTION

ETHEREAL represents Kurvana's commitment to redefining cannabis concentrates with premium live rosin products. Crafted for connoisseurs, this collection utilizes a solventless extraction process, preserving the plant's unadulterated essence. The ETHEREAL experience is amplified by Kurvana's custom Rechargeable All-In-One (0.5 mL) hardware, designed for a delicate and refined cannabis journey.

COLLECTION OVERVIEW

- **Product Offering** Solventless live rosin concentrates in a custom Rechargeable All-In-One device.
- **Key Elements** 100% fresh-frozen flower, solventless extraction, no additives, and strain-specific formulations.
- **Hardware** Designed for low-power output, ensuring no burning and preserving delicate terpenes and cannabinoids.

KEY FEATURES & BENEFITS

1

Fresh Frozen Flower

Extracted exclusively from fresh, high-quality cannabis flowers, not trim or dried material.

2

Craftsmanship

First-press, high-grade trichomes (73u-149u microns) for the cleanest concentrate.

3

Solventless Purity

Made with ice, water, heat, and pressure only—no chemicals or additives.

4

Full-Spectrum Experience

Captures the plant's natural cannabinoids and terpenes for a flower-like high.

5

Custom Hardware

Tailored for live rosin's unique viscosity, ensuring optimal vaporization and flavor preservation.

6

Rechargeable All-In-One

Equipped with a high-capacity 280 mAh battery and holds 0.5 mL of premium live rosin concentrate.

WHY ETHEREAL STANDS OUT

- **Unparalleled Quality** Leveraging advanced solventless extraction methods for the purest live rosin on the market.
- **Tailored Consumption** Hardware optimized to enhance the subtle flavors and effects of live rosin.
- **Exclusive Curation** Limited small-batch releases ensure a unique and elevated experience.
